AXIOM ONE LTD

Environmental policy

Introduction:

Axiom One Ltd is committed to operating its business in an environmentally responsible manner. We recognize the importance of protecting the environment for current and future generations, and we aim to minimize our environmental impact through sustainable practices and continuous improvement.

Policy Statement:

Axiom One Ltd is dedicated to integrating environmental considerations into all aspects of our business operations. We will comply with all relevant environmental legislation and regulations and strive to go beyond mere compliance to achieve a higher standard of environmental performance.

Objectives:

Resource Conservation: We will implement measures to reduce resource consumption, optimize energy efficiency, and minimize waste generation in our construction activities.

Pollution Prevention: Axiom One Ltd will take proactive steps to prevent and minimize pollution by adopting best practices for waste management, air and water quality, and hazardous materials handling.

Biodiversity Conservation: We are committed to preserving and enhancing biodiversity in the areas where we operate. We will assess the potential impact of our projects on local ecosystems and implement measures to protect and restore natural habitats.

Green Building Practices: Axiom One Ltd will prioritize the use of sustainable building materials and incorporate green building principles in our construction projects to enhance energy efficiency and environmental performance.

Effective Date: 15th October 2026
Author: Michelle Carr

Stakeholder Engagement: We will engage with our employees, suppliers, clients, and the communities in which we operate to foster a shared commitment to environmental responsibility. Open communication and collaboration will be encouraged to exchange ideas and promote sustainability.

Continuous Improvement: We will regularly review our environmental performance, set targets for improvement, and invest in research and development to identify and implement innovative solutions to further reduce our environmental impact.

Responsibilities:

It is the responsibility of all employees, contractors, and suppliers associated with Axiom One Ltd to adhere to this environmental policy. The Environmental Manager, appointed by the company, will oversee the implementation of this policy, monitor environmental performance, and report regularly to senior management.

Training and Awareness:

Axiom One Ltd will provide training and raise awareness among employees about the importance of environmental conservation, the company's environmental policy, and their role in achieving our environmental objectives.

Review and Revision:

This environmental policy will be reviewed annually or as needed to ensure its effectiveness and relevance. Axiom One Ltd is committed to adapting the policy to reflect changes in legislation, technology, and the environmental impact of our operations.

By adopting this environmental policy, Axiom One Ltd aims to contribute positively to the well-being of the environment and demonstrate our commitment to sustainable and responsible business practices.
